

20mm Camlock 1336

Product Description

A wide range of 20mm Camlocks available in Bright Chrome, Chrome or Nickel. These camlocks also have a stainless steel cap, making them ideal for use in many applications including **Heavy Duty Vehicles** and **Metal Office Furniture**.

Many of these camlocks (3836, 3837, 3875, 3876 & F350 only) are available with the **S-Line** antibacterial over moulded keys. The unique over moulding process helps fight bacteria and avoids cross contamination between multiple users of the same key. Download the **brochure** or contact us for more information.

- **Standard movements:** 1, 2, 3, 4, 5, 6, 7 (F350 1, 2, 3, 4 & 8)
- **Lock Combinations:** 80-2000
- **Standard finish:** Chrome
- **Fixing hole shape:** Double D
- M Keyed system supplied to order only
- **Dimension 'B' & 'X' Specification:** See [Cams](#)

Options
