Weight (Kg): 31

Trade Extension Ladder

2 & 3 section

Our popular trade extension ladder has now been re designed, tested and manufactured to the new EN131-2 standard to ensure it meets and exceeds the new standard. Made in the UK and built from the best quality aluminium and certified to EN13-2 Professional for frequent and heavy duty work. Available in 2 and 3 sections and now comes with a high quality stabiliser bar for maximum safety and stability.

Tested & certified to New EN131-2, Professional

Manufactured with D shaped rung for comfort when climbing.

Newly designed stabiliser bar which is easy to fit and reduces the risk of sideways slips and gives a larger and safer footprint.

This range of ladders is ideal for light trade and domestic use and is tested to a durability test of 50,000 cycles

Improved box section stiles and strengthened rungs inline with the new standard requirements.

British Made

Maximum capacity load of 150kg
