

# How to use your Programmer

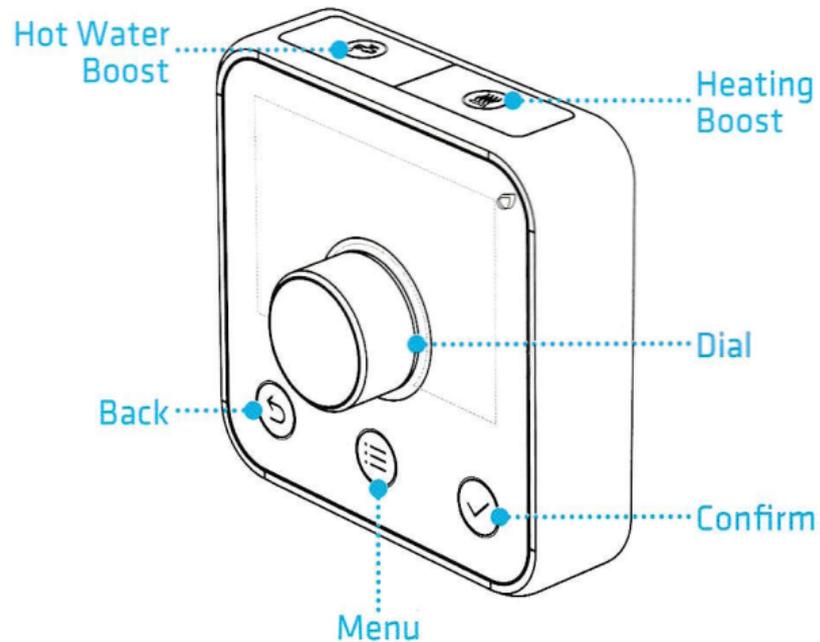

To avoid environmental and health problems due to hazardous substances in electrical and electronic goods, appliances marked with a crossed out wheeled bin should not be placed into your household rubbish bin. Instead, when they are unable to be re-used, they should be recycled. Your local authority will be able to advise you on the location of the nearest recycling centre that is authorised to accept this type of waste. Please recycle responsibly.

British Gas is the trading name of British Gas Trading Limited, a Centrica company. Registered in England and Wales No. 3078711. Registered Office: Millstream, Maidenhead Road, Berkshire SL4 5GD.

## Your programmer

## What can my programmer do?

### Heating ..... Page 3

- Turn your heating on or off
- Set up a heating schedule
- Boost your heating

### Hot Water ..... Page 7

- Turn your hot water on or off
- Set up a hot water schedule
- Boost your hot water

## Getting started

### How to turn your heating on and off

1. Wake up your programmer by pushing the dial
2. When the screen turns on press the **Menu** (☰) button
3. Turn the dial to select **Heat** then push the dial to confirm
4. Choose either **Always On** or **Always Off**
5. Press (✓) to confirm

## Setting up a schedule

Your programmer will walk you through setting up your heating schedule step by step.

### To do this:

1. Wake up your programmer by pushing the dial and then press the **Menu** (☰) button
2. Turn the dial to select **Heat** and push the dial to confirm
3. Select **Schedule** and push the dial again
4. Scroll to **Start Over** and push the dial to confirm
5. Follow the on screen instructions to create your new schedule

## How to view your heating schedule

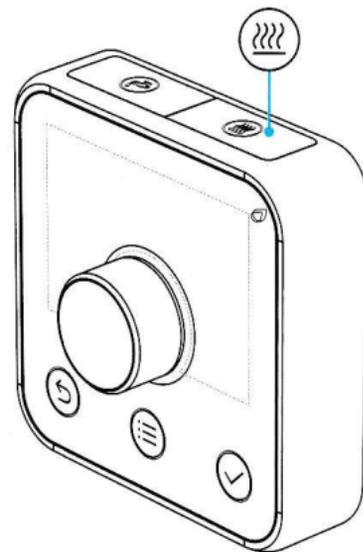

1. Wake up your programmer by pushing the dial and then press the **Menu**  button
2. Turn the dial to select **Heat** and then push the dial to confirm
3. Choose **Schedule** then select **View/Edit Current**
4. Turn the dial left or right to browse through the days and push to select a day
5. You'll now see the schedule for the day you selected

**Hot tip:** To edit the schedule for that day just push the dial.

## How to boost your heating for a short time

1. Press the **Heating Boost** button  on top of the programmer to turn the heating on for one hour
2. Press  again to increase the length of your boost
3. When your boost time finishes, your heating will go back to the previous setting
4. To cancel your boost early, press 

**Hot tip:** If you have a separate thermostat don't forget to turn the temperature up there too.

# Hot water

## How to turn your hot water on or off

1. Wake up your programmer by pushing the dial
2. When the screen turns on press the **Menu** (☰) button
3. Turn the dial to select **Hot Water**, then push the dial to confirm
4. Choose either **Always On** or **Always Off**
5. Press (✓) to confirm

**Hot tip:** If you only want hot water at certain times of day, using **Schedule** mode could be more energy efficient.

# Setting up a hot water schedule

Your programmer will walk you through setting up your hot water schedule step by step.

## To do this:

1. Wake up your programmer by pushing the dial and then press the **Menu** (☰) button
2. Turn the dial to select **Hot Water** and push the dial to confirm
3. Select **Schedule** and push the dial again
4. Scroll to **Start Over** and push the dial to confirm
5. Follow the on screen instructions to create your new schedule

## How to view your hot water schedule

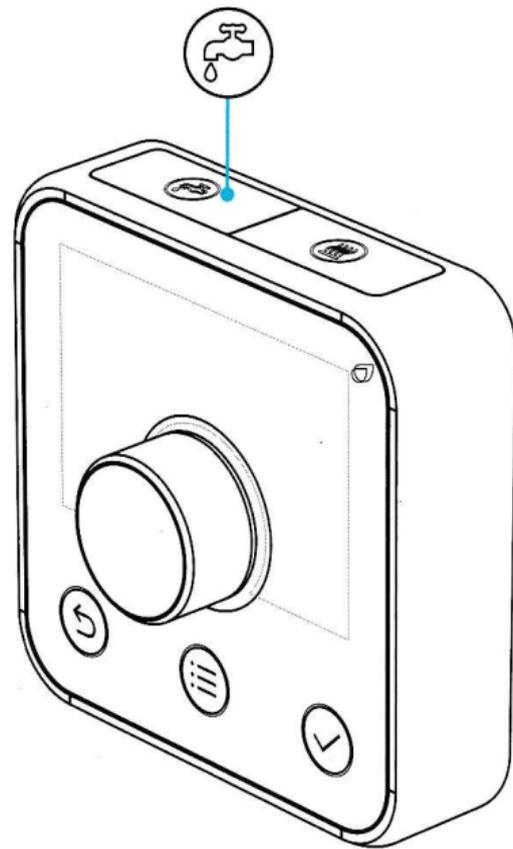

1. Push the dial to wake up the programmer
2. When the screen turns on press the **Menu** (☰) button
3. Turn the dial to select **Hot Water**, then push the dial to confirm
4. Choose **Schedule** then select **View/Edit Current**
5. Turn the dial left or right to browse through the days and push to select a day
6. You'll now see the schedule for the day you've chosen

**Hot tip:** To edit the schedule for that day just push the dial.

1. Press the **Hot Water Boost** button  on top of the programmer to turn the hot water on for one hour
2. Press  again to increase the length of your boost
3. When your boost finishes, your hot water will go back to the previous setting
4. To cancel your boost early, press 

## Icons you might see on your programmer

- |    |                      |           |
|----|----------------------|-----------|
| 1. | Current day and time | MON 19:25 |
| 2. | Hot Water mode       |           |
| 3. | Heating mode         |           |
| 4. | Heating on           |           |
| 5. | Confirm button       |           |
| 6. | Menu button          |           |
| 7. | Back button          |           |
| 8. | Boost time remaining | 3:17:24   |

**Hot tip:** Set a Child Lock so little hands can't change the temperature, find it under **Menu**  then **Settings**.
