trap.

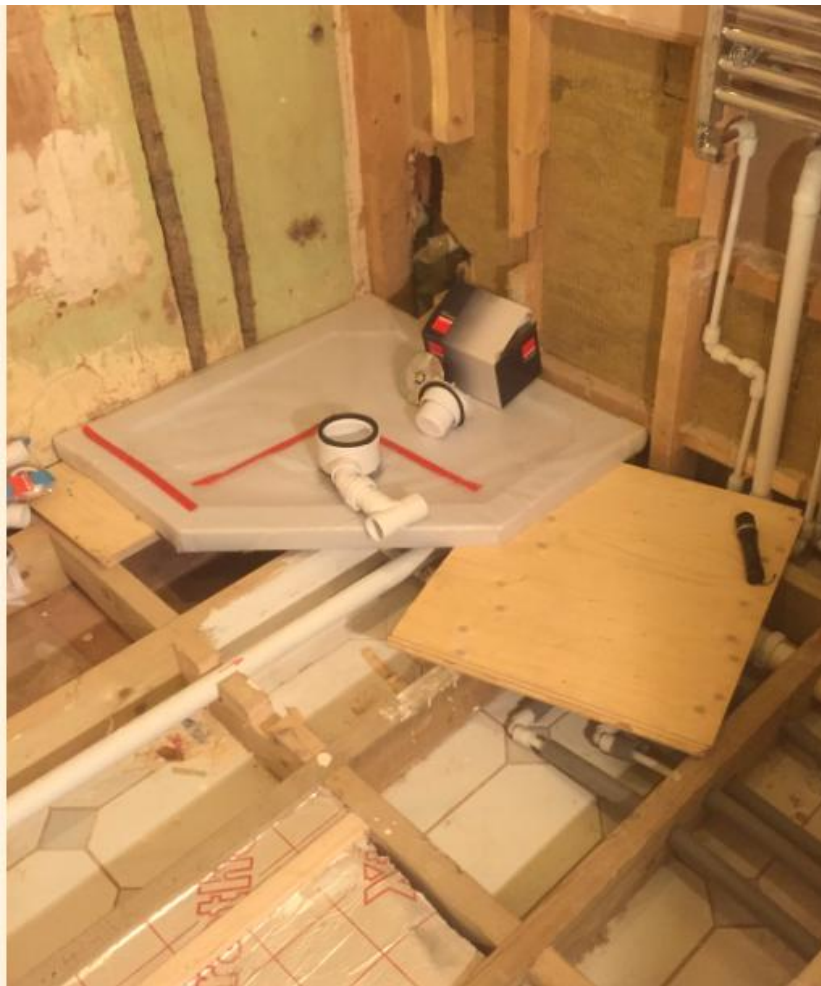

MCALPINE SHOWER TRAP CHROME EFFECT 90MM (45503)

★★★★★ [View reviews \(21\)](#) [View all Q&A](#)

Polypropylene, polybutylene terephthalate, rubber and stainless steel construction. Compression fitting outlets.

- Suitable for Showers
- Easy Clean

A.

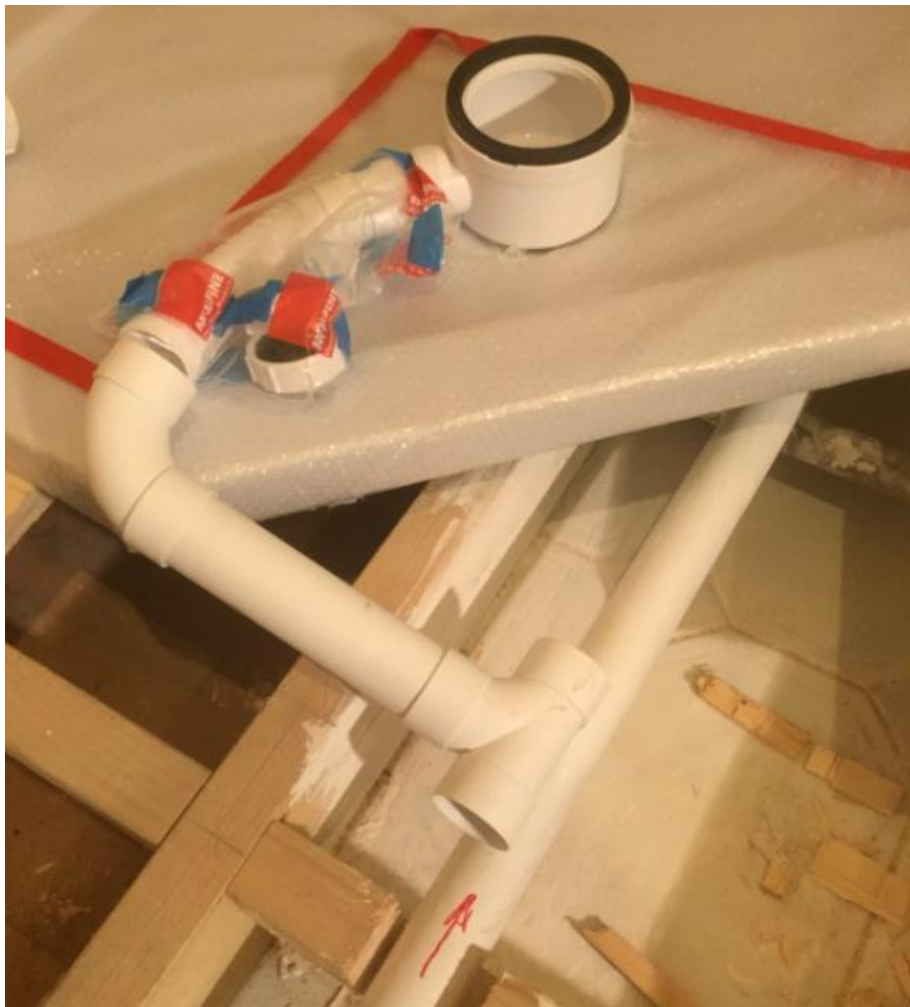

A. Shortest route but this will be rigid, no flexing. This would need waste trap closing up from above after floor and shower tray are laid.

B.

B. This gives some flexing in the pipework but creates a sweep in the flex pipe.

C.

C. A longer route with flexing near the trap and rigid pipe with a sweep bend
